

HEXPOL is Everywhere You Are

 **HEXPOL**
COMPOUNDING

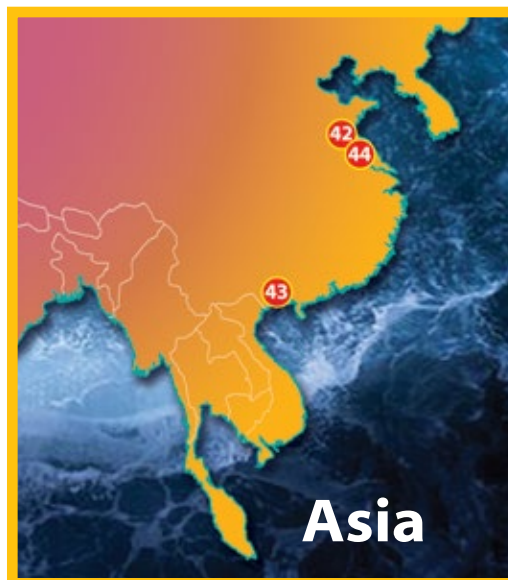

A Material Difference

A Plant by Plant Guide to HEXPOL Locations Around the World

HEXPOL is the leading global developer and manufacturer of quality elastomer compounds. Our rich heritage is defined by innovation and customer collaboration. HEXPOL scientists and technologists are among the best in the world, providing compounding solutions that address our customers' evolving needs. HEXPOL is committed to delivering value and improving products that our customers make.

We have more than 20 campuses in North America, 19 in Europe and 3 in Asia, including legacy names such as Burton Rubber Processing, Gold Key Processing, Colonial Rubber Works, Robbins LLC, RheTech, Kirkhill Rubber Company, Preferred Compounding and MESGO Compounding Solutions.

These locations position us to leverage our capabilities to serve locally, ensuring optimum resources for any compounding need and personalized service to customers of all sizes, wherever they are.
